Hi Terry,

The 1st round data are on the OSC web page. [www.epaosc.org/dimock\\_residential\\_groundwater](http://www.epaosc.org/dimock_residential_groundwater)

click on Documents (on the right side column menu)  
then click on the Residential Data Rep tab on the left.  
the individual data reports are organized in ascending order by HW number.

Let me know if you have any problems getting them this way.

Rich

Hi Richard:

I was trying to find the data for the 4 homes for the Original Round 1 sampling for comparison purposes to the round 2 data. I do not seem to have that data. Im not sure the HQ group was set up at the time of the round 1 for these samples. Can I get a copy of the round 1 data for these.

thanks

Tito, Janine, Terry,

Attached, for your information, is the lab-validated data for the 4 home currently receiving alternative water from EPA.

Please note, that this data is ONLY lab-validated and NOT considered final for decision-making. We are currently in that process and will advise you when the Project Level QA process is completed.
